### Intro

Opening parcels should be quick, easy and safe. This ergonomic parcel opener is designed to effortlessly cut through packing tape and cardboard without using a blade. The hook-style tip slides under the tape and cleanly slices it open while keeping your fingers protected.

Perfect for daily use at home, in the workshop, or at the office. Designed with durability and simplicity in mind, it prints fast and works reliably.

## Why you'll love it?

- **Safe to use** – no metal blade required
- **Ergonomic grip** for comfortable handling
- Opens parcels **quickly** and **effortlessly**
- **Compact** and really **lightweight**

## Recommended print settings

- Nozzle: 0.4mm
- Layers: 0.2mm
- Infill: 100%
- Perimeters: 4
- Material: I recommend to use PLA (see below)

## Filament recommendation

I printed this model using Prusa Prusament and got great results. See below for my recommendations.

Prusament PLA Pristine White
