The holder is mounted directly onto the edge of a desk using a **clamp screw system**, making it easy to install and remove.

Parts

The model consists of **2 parts**:

- **BASE** – holds up to **5 cables** securely in place
- **SCREW** – tightens into the base to clamp the holder onto the desk

Mounting

The integrated clamp mechanism allows the holder to be mounted firmly to a desk or table edge:

- No screws required
- No glue or double-sided tape required

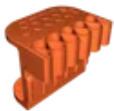

Printing

- Supports required **only for the BASE** (Print face down)
- Easy assembly after printing (Print standing up)

Features

- Holds up to 5 cables
- Clamp-mounted design
- No permanent installation needed
- Clean and functional look
- Easy to print and assemble
