## Summary

Mount used to hang clothes inside a closet or wardrobe.

[Household](#) > [Bedroom](#)

Tags: [parametric](#) [hanger](#) [closet](#) [clothes](#) [clotheshanger](#)

A mount that holds a pipe and can be used to hang clothes or other hangable objects. The original model used 6 screws with a 13mm cap diameter and an outer thread diameter of 6.75mm. The pipe I used was 26mm in diameter.

### F3D File:

- To adjust parameters, open the F3D file and go to modify parameters:
  - **Pipe\_D:** Adjusts pipe diameter.
  - **screw\_cap\_d:** Adjusts screwhead diameter.
  - **Screw\_thread\_D:** Adjusts screw thread diameter

### Print Settings:

- **Walls:** I used 10 .4mm walls, but that's overkill if you're just hanging clothes.
- **Layer Height:** .2mm
- **Supports:** Off
